DAN.IT EDUCATION

Front-End Developer (React)

2023 - 2024 Certificate

NATIONAL UNIVERSITY OF LIFE AND ENVIRONMENTAL SCIENCES OF UKRAINE

Veterinary medicine (Master`s degree)

2010 - 2015

SUMMARY

Qualified front-end developer with extensive experience in React web development. Proficient in HTML, CSS, JavaScript, React, Redux, and responsive design principles, which I have utilized in multiple projects. Actively seeking opportunities to apply my creative and analytical skills in a dynamic development team. With 10 years of leadership experience in the veterinary field, I bring strong project management skills to my technical expertise.

PROJECTS

TEAM PROJECT "XBOOK"

<https://github.com/Saxanda/xbook>

- Developed XBook, a social media app similar to Facebook, in a team setting
- Built responsive and interactive UI components using React
- Integrated APIs with the backend for real-time data updates
- Utilized Git for version control and team collaboration

PROJECT "SHOP"

[Gitlab](#)

- Developed "Shop," an e-commerce web app using React
- Integrated Redux for efficient state management
- Implemented React Router for seamless navigation
- Utilized hooks to streamline development and improve performance.
- Designed and managed dynamic forms for user interaction

EXPERIENCE

LEAD, CAT DEPARTMENT

Zoolux

2014 - 2024

- Supervised a team, fostering collaboration and efficiency
- Enhanced communication with clients
- Trained staff, simplifying complex topics for various audiences
- Managed patient records and inventory, ensuring accuracy and efficiency
- Diagnosed and addressed issues under time constraints
- Coordinated multiple tasks and projects simultaneously
